

ACT Releases Sport Clutch Kits for Various Cadillac, Chevrolet, Dodge, Eagle, Ford, Geo, Infiniti, Lotus, Mitsubishi, Nissan, Plymouth, Pontiac, Scion and Toyota Applications

Advanced Clutch Technology (ACT) is proud to announce the release of 14 lines of sport clutch kits for the various applications listed below. ACT's Sport line of clutch kits are an affordable alternative for vehicles that have increased power output through the addition of bolt-on upgrades. Depending on the application, the Sport pressure plates offer a 10 to 30 percent clamp load increase over the original equipment, while keeping the pedal feel at stock to moderate. Each kit includes a Sport pressure plate, a choice of a street disc or race disc and components.

Click the applications below to view the clutch kit specifications and prices.

MAKE	MODEL	YEARS	ENGINE
Cadillac	CTS-V	2004-2007	5.7L LS6 / 6.0L LS2
